## Spring 2026

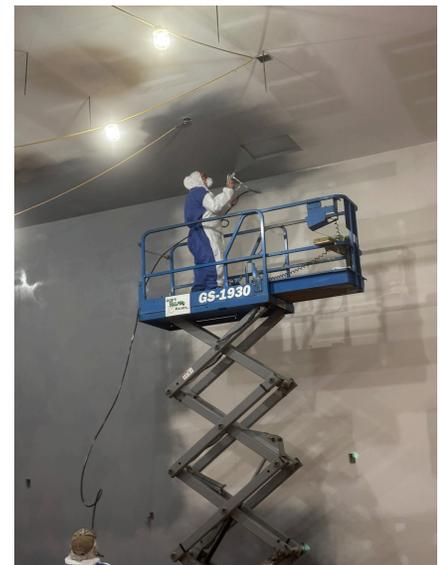

Life has moved forward at a fast pace for the Awes. At the writing of this letter, Stephanie and I are in our fifth month of marriage. Time has flown by with all the holidays and special events that were going on. The blending of two new families and old traditions was a challenge, but was also great fun.

Stephanie and I are getting used to our new normal with her night schedule and me working days. It has worked out rather well, all things considered, but we are ready each time her eight days off come so we can spend more time together.

We just returned from a vacation week of warm weather with lots of sun and beautiful beaches. It was hard to return to single digit temperatures and many inches of snow, but back to reality.

I was able to complete 90% of the new stage before I left for vacation and completed it as soon as I got back. With that done, it was time to continue working on the studio. The next step is the painting of the ceiling and walls of the main room with primer. I am very blessed to have great volunteers to help. The electric lift is a great blessing and much safer with the 20-foot walls and ceiling.

Through the generous financial help of God's people, we were able to replace the equipment trailer the traveling team uses with a little larger one. PTL! We are finding it is also time to replace the van that the team uses for pulling the equipment trailer when on weekend and shorter programs and Juli and Nicole's travel trailer in the summer.

Just like most years, the bus will need some minor maintenance before the summer season. If you would like to be part of fulfilling this need, please let us know on the enclosed form.

Thank you for your ongoing prayers for Stephanie and me as we enjoy our new life together. Also, thank you for your prayers and support of the ministry of GHH.

In His Service,  
Jeff & Steph
