Hebrews 13:8

"Jesus Christ is the same yesterday and today and forever."

The above verse is so important to me in life these days. It seems like the last one to two years has brought about a lot of change; some good and some not so good. But through it all I can rely on the fact that God never changes. For that I am so thankful.

The last quarter of 2023 kept me super busy. I worked at the farm store as much as my schedule would allow, always very busy at the office and then had programs scheduled in there as well. There wasn't a lot of time left for much else. The schedule stayed busy through Christmas. We squished our four Christmas programs into one week. January and February was pretty quiet program wise. We had one scheduled for the middle of January at a Christian school by Flint, but had to reschedule for the end of the month due to bad weather. We had the whole elementary school in attendance. The kids were so much fun. In February, we went to Nevins Lake Bible for their Wednesday evening program. There was a great group of kids. Nicole and I had the pleasure of being asked to be speakers at Camp Barakel the last weekend in February. It was for a father/daughter retreat. We had around 25 girls ranging in age from 8-12. March is where it really starts to pick up again. We have four programs. April is just as full. Summer is so close I can almost taste it. The Reach More project is just humming away. I won't say much about it as the *Glance* will have more details but it has been fun to see how God's hand is on the advancement of the project. It is very evident that it is all in His timing. We have been working for a few years now and the closer we get to the completion, the more of a reality of doing what the studio is meant for becomes a reality. Kind of a scary reality because it harkens back to the beginning of this letter and change. But I think it will be a good change. We have so many ideas for videos that we want to make, that getting started in it is a little overwhelming. But we excel at planning things out and getting things accomplished. Your prayers would be appreciated as we navigate learning new technology and working in a different space. If God sees fit we could be in our new area doing what it is intended for in 12-18 months!

1

Praises for...

a fall and winter full of successful programs. We only had to reschedule one program due to weather.

2

Pray...

For all of us we work to get everything finalized for our summer travels. We once again kick off our summer season on Memorial Weekend.

3

Coming soon...

the *Glance* will be arriving in April with more about our 2024 series *Jesus is the King* and the summer schedule.

Summer 2024

It is almost that time of year again! *Jesus is the King* is our series for the upcoming year. Currently the stage is being built and Nicole will be painting it soon. I can't wait to see what Nicole does for this stage! This series is a favorite of mine. Each week we will be sharing how Jesus is the King of creation, salvation, our lives, our future and King of Kings.

Thank you!

I am so humbled by the support that comes in each month. It is such a blessing to partner with each one of you to fulfill the Lord's calling in my life.
