Spring '22

Twice a year I find myself sitting in front of the computer trying to figure out what to write about. It feels like my life is pretty boring when there is just little ol' me to write about. I heard a while back that the reason time seems to fly by as we get older is because things aren't constantly new to us. We've learned and experienced a lot growing up so once we are older adults, and everything isn't new to us anymore, time passes quickly. It has gotten me thinking about what I could learn about in my spare time to maybe slow time down a little. I haven't landed on anything yet. I'm still in the exploring phase to see what would fit in my life.

Since time is flying by so fast, it is once again that time of year where we are on the precipice of getting ready to leave for the summer. This year we have a couple of new churches that we will be at for VBS. It is going to be so great to meet new people and since these weeks are back to back and local to home it is going to be fun being in our home area for two weeks in the middle of summer. Our summer schedule will be included with the spring Glance. If you are near one of our stops, please come and see me. I would love to visit. The series up next for this summer is *Light Up Your Life*. We will be learning why we need the Holy Spirit in our life, that we can't earn our salvation, that we are to shine our light for all to see so that others can be saved, too, and many other principles. Nicole has started painting the stage and I'm already in love with how our seaside adventure is looking. Each year she blows me away with her creativity.

While I'm not quite ready to start thinking about packing up the trailer and being on the road for 13 weeks, I have started focusing on praying for the kids (and adults!) we will be teaching. Please join me in prayer! It is an honor to be a part of the spreading of the Gospel!

### CHECK OUT...

our curriculum series. It is great for family devotions, Sunday school, and homeschooling. It is available at ghhinc.org for a suggested donation of \$20.

### Family Life

While I enjoy going to visit my parents wherever they are wintering in warmth, this year they are home for the winter. It was so nice to spend Christmas Up North at their home and with extended family and friends.

### Filming

The above picture is my view from behind the camera. We have wrapped up filming the curriculum, *Light*. Chris did a great job writing and directing. As always, Stephen and Lydia did an amazing job, take after take.

### Thank you!

Your prayers and financial support are greatly appreciated!
