THE KNOBLOCH REPORT

"Leading"

What's New?

Ministry Update

Sometimes the Lord sends an assurance that the direction you are walking is indeed the direction He is leading. At God's Helping Hands, God has confirmed His leading through the supply of a new ministry van, a new and improved equipment trailer, a new 3D printer, and steady funding and physical progress on the new building, which is nearing completion!

Family News

As a family, we make a point of sitting to dinner together, reading the Word and praying regularly. From this posture, our family of 6 explodes in about 2 dozen different directions! Beyond our work with GHH, Chris speaks at Bible clubs and retreats and teaches music, Amber teaches the girls and gobbles up opportunities to serve others, and the girls are involved with music and theater, friends and cousins and with each other.

Summer life in the Bus went smooth aside from a couple minor repairs (battery and generator fuel pump) and included a celebration of our nation's 250th birthday!

"He makes me lie down in green pastures. He leads me beside still waters. He restores my soul."
Psalm 23:2-3a

Last newsletter, we told you of Amber's debilitating pain for which we were begging answers and healing (or, at least, endurance) from the Lord. Shortly after that letter went out, one of our board members and his dear wife encouraged us to see a professional specializing in a certain therapy that lived in their area. Around the same time, we attained a new chiropractor as well. Separately, and through their own individual methods, they BOTH traced the source of her pain to the long-term physical effects of her terrible grief at the sudden death of her mom, Robin, back in 2023. Although Amber had been taking her grief to the Lord and gaining the spiritual benefits of doing so, her body still sustained a terrible toll. Working in tandem, these two health professionals (at least one of which knows and loves Christ) were used of the Lord to restore Amber's body and relieve most of her chronic pain! So many of you prayed and your prayers were answered in this way! Maintenance of her body with expanded knowledge of what to do continues to bring improvement. This summer was filled with teaching the promises of Psalm 23. How wonderful to be able to speak out of a place of such near experience of the Lord's faithful leading even through pain to accomplish His ultimate glory in our lives! We were given opportunity after opportunity for weeks on end to share the gospel message of Psalm 23 which is this: in order to experience the promised blessings of Psalm 23, you must belong to Christ. Your testimony must be "The LORD is ***my*** shepherd". When He is, all of the leading through life, death, and into eternity follows!

Prayer Requests

Health and Finance

The Lord has ALWAYS provided for our needs – even when it didn't seem possible! This year, concerns of different health needs throughout the family, aging cars, and ongoing house projects are providing "opportunities for trusting and praise." Of course, being normal Christians who struggle, we often devolve into **worry**! But God is able and faithful to provide again and again for EVERY need. Please pray for us in this regard!

Looking Ahead

We still have many opportunities on the calendar to present our *Psalm Springs* presentation of Psalm 23. We trust God will use it as we have seen Him do continually for months. At the same time, we are working on future projects including the inaugural projects in the nearly-completed film studio, a busy Christmas season with our Christmas program and the upcoming re-release of our *Truth Travelers* series. Please pray for us in advance for this series as it has an established history of inciting spiritual attack each time it is presented! We are resting in the protection of our Father!

Our family loves serving together! (Top left) Gwen and Claire use puppets to present a song which they themselves pre-recorded with Kylie on the guitar! (Top right) Elli works with "Brylie" — a puppet she built!

(Left) Gwen and Claire present a story of David to a group of children. (Center) Amber sets up for an early morning program at Kalamazoo Christian School. (Right) Chris and Elli participate in a fun game after a week of ministry at Colfax Community

Please pray for us, that we would wait well in full reliance on Jesus, serving Him each day with reckless abandon of our self-ambition in preference to His glory!

Thank you for listening and for praying and for supporting us in this ministry!

Warmly, The Knoblochs

Chris, Amber, Kylie, Elliana, Gwen and Claire
