

Winter 2025 THE GLANCE

Within Reach!

In just a few short years, what started as a vision from the Lord for outreach growth has become a nearly full reality! The Reach More Building Campaign sought to fully fund the debt-free construction of a very large building to house our travel vehicles on one side and to house a professional film studio on the other side. In this way, God's Helping Hands will have the facility space needed to both maintain its current ministry and be able to expand its Gospel outreach through an online presence with an ever-growing body of resources rooted in

God's Word. We are SO CLOSE to achieving building occupancy and the opening of this ministry field! So what's left? **PHASE 5** is the final building phase of the Reach More Building Campaign! It contains 20 items -- everything from larger finish projects like **ceiling insulation, boiler, paint and studio set lighting** to smaller items like **doors and trim**. The total estimated cost of this phase is \$80,000, but we don't need to wait for that full amount to begin checking projects off the list. Our plan is to have filming assignments ready to go as soon as this phase is complete, and although we will continue to build out the equipment we will be utilizing over the next many years, we have what we need to begin production as soon as **PHASE 5** is finished! So exciting! It's nearly within reach! Every time we feel like doubting, all we need to do is to look at what God has ALREADY accomplished in a short time! He is so faithful and continues to confirm His plan for God's Helping Hands in many ways not the least of which is the generous giving from people just like you! Thank you for linking hands with us as we stretch out to reach more with the Gospel of Jesus Christ!

Seeing the Impact

Evangelistic ministry often includes seasons of service in which you do not see the impact of your efforts. In these times, our faith is stretched, and our faithfulness is challenged. God shows Himself strong in our very evident weaknesses and He sustains us when we are weary. Sometimes God sends us encouragement and allows us to see some of the impact He is making. We were recently sent some encouragement of this kind. We wanted to share them with you here because we see you as partners in ministry and want you to be encouraged as we were! Our entire team thanks each of you who partner with us for your integral part in sharing God's Word! Here are excerpts from two letters we received.

From a grandmother:

Dear God's Helping Hands Team,

I just wanted to thank you for this year's VBS program. My children grew up attending every year you came, and this year I was looking forward to having our first little crop of grandchildren attend... but unfortunately, they were too little (and tired) to make it through the week. I was so disappointed until I realized that this year's lesson was for me, and that God wanted me focused and undistracted as He lovingly used GHH to speak into areas of my life that needed to be refocused. That is one of the things that makes your programs so good and so different. You serve us hearty lessons from God's Word, not fluffy or cutesy, but straight and confident that it can speak to young and old alike. I still look forward to bringing my grandkids one day, but I will be right up front with them, enjoying your truthful, creative, insightful content.

From a mother:

Thank you, God’s Helping Hands team, for all you do! You made my son’s dream come true multiple times this weekend, and you made such an impact in his life. [His] teacher messaged me this morning and said he was singing songs from the puppets at school to his friends. He has prayed every night for the puppet team and all the kids they will be seeing next. I want to thank you for your patience, your love, and your message that you shared this weekend. It gives me such joy to see him and many other kids enjoy God’s message through your gifts and as a parent, nothing warms my heart more than seeing him love Jesus and wanting to share that with his friends.

Answering the Call

The ministry of God’s Helping Hands goes forward as God’s people answer His call in their lives. The call to pray; the call to give; the call to go. Consider the way in which God may be calling you. Would you consider a monthly gift of any amount to one of our missionary staff? Perhaps you would like to help to pull the Reach More Building Campaign across the finish line! Maybe God is laying it on your heart to use your skills to serve with GHH as a volunteer or even to raise support and join our missionary staff! We have many needs as we walk through the doors God has opened. And, of course, as the Lord prompts you, pray for God’s Helping Hands, for the Gospel message, and for those He has ordained to receive it!

We Pray for you!

We pray for all of our supporters throughout the year.

If you have a prayer request you would like to share with us, please email our office at office@ghhinc.org. Or, visit our website, ghhinc.org/prayforme

GHH Missionary Support

This is, of course, an ongoing need. Making sure that our staff and their families are supplied and cared for is very important to our board. We are able to care for others as we care for our own. This is the Biblical model, and we seek to honor it.

Ministry Staff Support Percentages

Jeff Awe

Still Needs:
\$929/per month

Chris & Amber Knobloch

Still Need:
